Serving the healthcare needs of our communities and most importantly ...
Our Mission
Promoting healthier communities through compassion and comprehensive health and human services, regardless of ability to pay.

Our Vision
Unity Health Care will be recognized as the health care provider and employer of choice by establishing a culture that champions patient-centered care, promotes staff engagement, embraces the latest technology, and pursues community partnerships and strategic alliances.

Our Value Statement
Unity Health Care will strive to create a model of Service Leadership in our relationships with each other, our patients and stakeholders. The model will challenge us to embody the qualities of:
- Listening
- Awareness
- Empathy
- Healing
- Respect
- Accountability
- Learning
- Advocacy
from the President and CEO and the Board Chair

Dear Friends and Partners,

As we reflect on 2018, we’re so proud to share our many accomplishments. Last year, more than 100,000 patients in the District of Columbia experienced high quality and compassionate care through over 450,000 visits at our more than 20 Unity Health Care locations.

We unveiled a new logo, tagline, and website to highlight our growth and reaffirm our commitment to promoting healthier communities with the work we do each day. This work shows in the partnerships we have formed to reduce barriers to access. By introducing a telemedicine program with George Washington University, Unity connected 64 patients in need of specialty care to 153 visits with specialized providers.

Our convenient in-house pharmacies filled more than 120,146 prescriptions in 2018, helping our patients avoid the additional burden of visiting an outside pharmacy. Additionally, our pharmacy teams work directly with care providers to coordinate insurance obstacles, such as prior authorization, to help prevent delays in starting medications.

We provided behavioral health services to more than 2,630 patients and initiated a Medication-Assisted Treatment program at the DC Jails.

From our appointment scheduling professionals, patient registration clerks, nurses, and clinicians, to our staff at the administrative office, and a host of other positions and departments, it takes a team of almost 1,000 to provide the vital care and resources offered to our patients, many of whom are among the District’s most vulnerable residents.

We are immensely proud of our 2018 accomplishments, and we are truly grateful for our dedicated donors, patients, and staff that made them all possible.

We sincerely thank you for your continued commitment to the Unity Mission.

Vincent A. Keane   Frederick D. Cooke, ESQ.
President and CEO   Board Chair
<table>
<thead>
<tr>
<th>Foundation</th>
<th>Amount</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Share Fund</td>
<td>$25,000</td>
<td>To provide general operating support for our largest homeless health care facility, CCNV provides primary care services to some of the more than 10,000 individuals experiencing homelessness that visit Unity annually.</td>
</tr>
<tr>
<td>Naomi and Nehemiah Cohen Foundation</td>
<td>$75,000</td>
<td>To ensure access to and availability of long-acting reversible contraceptives (LARCs) to all female patients across our network of health centers. This effort is a part of our long-term strategy to reduce unplanned/unintended pregnancy among the District’s most vulnerable residents. While increasing the accessibility and availability of LARCs benefits all women, this greatly impacts young, low-income and minority women, who represent the majority of Unity’s service population and also have the highest prevalence of unplanned pregnancy in the District.</td>
</tr>
<tr>
<td>Delta Dental Foundation</td>
<td>$30,000</td>
<td>To ensure our Dental Department is able to provide comprehensive oral health care services for residents of the District of Columbia. The funding helps to support dental services across our network of health centers supporting more than 14,500 patients annually. We also offer (free of cost) dentures for low income and/or uninsured patients through this invaluable support.</td>
</tr>
<tr>
<td>Gilead Sciences</td>
<td>$182,708</td>
<td>To support routine HIV and Hepatitis C virus screen and linkages to care in the primary care setting. The funding supports the delivery of both HIV and HCV tests across the District of Columbia.</td>
</tr>
<tr>
<td>Association of American Medical Colleges—AAMC</td>
<td>$15,000</td>
<td>To provide operating support to My Health GPS (MHGPS) program; this is a part of Health Homes 2 Initiative of DC Health Care Finance. Allows Unity to provide laptops to care coordinators and site program coordinators in order to be better efficient and effective with connecting with a patient and allows coordination with other staff members to help manage patient care. Many of Unity’s patients face social and environmental barriers that impact their ability to care for themselves. The My Health GPS (MHGPS) program will provide care coordination through care management teams in an effort to improve outcomes by meeting social and environmental needs in addition to medical needs to over 2000 Unity patients who have enrolled in the program since July of 2017.</td>
</tr>
</tbody>
</table>
Safeway
$10,000
To support the District of Columbia Ward 7’s under resourced and medically vulnerable community with providing vital immunizations for men, women, and children.

Capitol Impact Partners
$1,000
To support funding cost of laptop computers for use by Unity’s Care Coordinators who collaborate and support patients in meeting their care plan goals. Unity’s Care Coordinators can be most effective by having accessibility and the flexibility to be able to meet with patients at a moment’s notice. Having the support of laptop computers allows the mobility to move around the health center site and go to where the patient is.

CareFirst Transformation Training
$71,286
In support of a Care Management Training Program. Provides funding that allows Unity to provide Care Management Training in coordination with Primary Care Development Corporation (PCDC) to help improve the care management skills of Unity staff. The training program supports the delivery of higher quality team-based care to Unity patients; providing tools to Unity skilled staff on how to better understand patient needs; how to more successfully communicate with team members, and increasing the efficiency with which Unity staff deliver care.
